Independent Auditor's Report

Board of Directors Walther Cancer Foundation, Inc. Indianapolis, Indiana

Opinion

We have audited the accompanying income tax basis financial statements of Walther Cancer Foundation, Inc. (Foundation), which comprise the statements of financial position as of June 30, 2022 and 2021, and the related statements of activities and expenses for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Walther Cancer Foundation, Inc. as of June 30, 2022 and 2021, and the changes in its net assets for the years then ended in accordance with the basis of accounting the Foundation uses for income tax purposes described in Note 1.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Financial Statements" section of our report. We are required to be independent of the Foundation and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter – Basis of Accounting

We draw attention to Note 1 of the financial statements, which describes the basis of accounting. The financial statements are prepared on the basis of accounting the Foundation uses for income tax purposes, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the basis of accounting the Foundation uses for income tax purposes and for determining that the income tax basis of accounting is an acceptable basis for preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Foundation's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

FORVIS, LLP

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

Note 1: Nature of Operations and Summary of Significant Accounting Policies

General

Walther Cancer Foundation, Inc. (Foundation) is an independent, private grantmaking foundation that funds cancer research with two primary goals: to support cancer research with the aim of discovering better treatments, if not cures, and to develop a comprehensive approach for supporting patients with cancer and their families. The Foundation is particularly interested in supporting efforts to strengthen cancer research infrastructures in the state of Indiana. The Foundation's primary sources of support and revenue is investment earnings.

Use of Estimates

The preparation of financial statements in conformity with the income tax basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures at the date of the financial statements and the reported amounts of the revenues, expenses and other changes in net assets during the reporting period.

Basis of Accounting

The Foundation prepares its financial statements using the income tax basis of accounting. The principle differences between the income tax basis of accounting and accounting principles generally accepted in the United States of America (GAAP) for the Foundation is that grants are recognized as expenses when paid rather than at the time of approval and income or loss allocations from U.S. partnerships are recognized on a calendar year basis as reported on the partnership K-1 tax forms. Therefore, certain income or loss allocations occurring between January 1 and June 30 each year are recorded as deferred income or loss. In addition, investments are carried at fair market value as defined within the Internal Revenue guidelines. Therefore, the Foundation has omitted disclosure of recurring fair value measurements based on the fair value hierarchy under GAAP.

Investments and Investment Return

The Foundation's investments consist of fixed income and equity securities, mutual funds and alternative investments. Alternative investments include realty funds, marketable alternatives, energy partnerships, commodities and private equity partnerships. Investment return includes dividends, interest and realized and unrealized gains and losses on investments carried at fair market value.

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

Investments in equity securities and in debt securities are carried at their readily determinable fair market value. Alternative investments are also carried at estimated fair market value. For those alternative investments that do not have readily ascertainable market values, the estimated fair market value has been provided by management of the funds. These estimated values are subject to uncertainty, and therefore, may differ significantly from the value that would have been used had a market for such investments existed. The estimated fair market value is in accordance with Internal Revenue guidelines and is the price that property would sell for on the open market. It is the price that would be agreed on between a willing buyer and a willing seller, with neither being required to act, and both having reasonable knowledge of the relevant facts.

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the accompanying statements of financial position.

Investment return (including realized and unrealized gains and losses on investments), net of fees, is included in the statements of activities. Investments are managed by professional investment managers in accordance with the Foundation's investment policies.

Income Taxes

The Foundation is exempt from federal income taxes under Section 501(c)(3) of the U.S. Internal Revenue Code and a similar provision of state law. The Foundation has been classified as a private foundation under Section 509(a) of the Internal Revenue Code, therefore, is subject to federal excise tax on net investment income. The Foundation is also subject to federal and state taxes on unrelated business income.

Property and Equipment

Property and equipment is carried at cost, less accumulated depreciation. Depreciation is computed using the straight-line method over the estimated initial useful lives of the assets. Estimated useful lives are 5 years for equipment, and range from 10 to 20 years for furniture. Leasehold improvements are amortized over the lesser of the estimated useful life or the lease term. The Foundation's capitalization policy states that property and equipment in excess of \$3,000 are capitalized. Routine maintenance and repairs are expensed as incurred.

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

Contributions

Contributions are provided to the Foundation either with or without restrictions placed on the gift by the donor. Revenues and net assets are separately reported to reflect the nature of those gifts with or without donor restrictions. The value recorded for each contribution is recognized as follows:

Nature of the Gift	Value Recognized
Conditional Gifts, With or Without Restriction	
Gifts that depend on the Foundation overcoming a donor imposed barrier to be entitled to the funds	Not recognized until the gift becomes unconditional, <i>i.e.</i> the donor imposed barrier is met
Unconditional Gifts, With or Without Restriction	
Received at date of gift - cash and other assets	Fair value

When a donor stipulated time restriction ends or purpose restriction is accomplished, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions. Absent explicit donor stipulations for the period of time that long-lived assets must be held, expirations of restrictions for gifts of land, buildings, equipment and other long-lived assets are reported when those assets are placed in service.

Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period the gift is received are recorded as revenue with donor restrictions and then released from restriction.

Grants

Grants are recorded when paid. The Foundation has approximately \$34,422,000 of grant commitments awarded that have not yet been paid at June 30, 2022. Additionally, the Foundation has a \$10,000,000 to \$15,000,000 conditional grant commitment.

Expense Allocation

The costs of supporting programs and other activities have been summarized on a functional basis in the statements of activities. The statements of expenses present the classification detail of expenses by function. Expenses have been classified as programs services or management and general based on the actual direct expenditures and using cost allocations based upon estimates of time spent by Foundation personnel. External and direct internal investment expenses are reported as an offset against gross investment earnings within the statements of activities.

Subsequent Events

Subsequent events have been evaluated through November 14, 2022, which is the date the financial statements were available to be issued.

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

Note 2: Investments

The Foundation's investments are managed by professional investment managers, and the Foundation also utilizes the services of an investment advisor. The fair market value of approximately 55% and 53% of investments at June 30, 2022 and 2021, respectively, were provided by the fund managers.

The Foundation has adopted investment and spending policies that attempt to provide for long-term growth without undue exposure to risk, while providing an income stream to cover administrative expenses and cash flow for research grants and endowment funding commitments.

The Foundation recognizes that prudent investing requires the assumption of reasonable risk in order to increase the likelihood of achieving the desired investment performance. The Foundation believes the asset allocation targets and ranges it has adopted best suit its diversification and risk requirements. The Foundation understands that this strategy could produce an after-fee loss in a given year.

	2022	2021
U.S. government obligations	\$ 2,123,719	\$ 152,484
U.S. government agency obligations	6,210,582	7,363,026
Corporate obligations	1,440,077	2,311,194
Municipal obligations	2,523,677	2,883,714
Equities	18,043,334	24,721,008
Exchange traded funds - Gold	3,785,977	3,722,866
Mutual funds		
Equity	22,544,435	26,781,234
Fixed income	8,797,939	9,288,672

Long/short equity	15,918,750	18,236,110
Absolute return	5,768,448	10,382,540
Total	\$ 149,941,434	\$ 168,831,496

At June 30, 2022 and 2021, the fair market value of the Foundation's investments are comprised of:

Under the terms of certain limited partnership agreements for private equity, real asset and hedge funds, the Foundation is obligated to remit additional funding periodically as capital calls are exercised. At June 30, 2022, the Foundation had unfunded capital commitments totaling approximately \$9,915,000. Such commitments are generally called over a period of years and contain fixed expiration dates or other termination clauses. The Foundation maintains sufficient liquidity in its investment portfolio to cover such calls.

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

Note 3: Property and Equipment

The Foundation's property and equipment at June 30, 2022 and 2021 is as follows:

	 2022	2021
Furniture and equipment	\$ 153,091	\$ 153,091
Leasehold improvements	 310,656	 310,656
	 463,747	463,747
Less: accumulated depreciation	 (383,803)	 (360,751)
	\$ 79,944	\$ 102,996

Note 4: Defined-Contribution Plan

During 2018, the Foundation opened a 401(k) plan for all eligible employees. Definedcontribution plan expenses were \$43,471 and \$38,093 during 2022 and 2021, respectively.

Note 5: Qualifying Distributions

Qualifying distributions made during the years ended June 30, 2022 and 2021 include:

	 2022	2021
Grants paid Operating and administrative expenses	\$ 7,104,461 606,136	\$ 6,864,043 529,283
Total qualifying distributions	\$ 7,710,597	\$ 7,393,326

Note 6: Liquidity and Availability

Financial assets available for general expenditure, that is, without donor restrictions or other restrictions limiting their use, within one year of June 30, 2022 and 2021, comprise the following:

	 2022	2021
Cash and cash equivalents Interest receivable on investments Redeemable investments	\$ 3,248,244 78,078 102,926,940	\$ 3,328,368 80,262 125,836,237
Financial assets available to meet cash needs for general expenditures within one year	\$ 106,253,262	\$ 129,244,867

Notes to Financial Statements June 30, 2022 and 2021 (Income Tax Basis)

The Foundation manages its liquidity following three guiding principles: operating within a prudent range of financial soundness and stability, maintaining adequate liquid assets to fund near-term operating needs, and seeking long-term growth sufficient to preserve and enhance the purchasing power of the assets and meet spending needs. The Foundation's investment policy allows for a maximum allocation to illiquid holdings of 35% of the investment portfolio, with illiquidity defined as money that is accessible beyond one year. To achieve these targets, the Foundation forecasts its future cash flows and monitors its liquidity quarterly. During the years ended June 30, 2022 and 2021, the level of liquidity was within the policy requirements.
